1450 Linden Drive  
Madison, WI 53706

Dear Potential Lender:

You are receiving this letter because a student in our program is seeking additional funds for his/her education through the Farm & Industry Short Course Program at the University of Wisconsin-Madison. The student requesting support has been admitted to the FISC program and has earned, at minimum, a high school diploma (or equivalency).

The student is attending a non-degree, certificate program that is 16 weeks in length. Students enroll in credits and complete courses taught by faculty, academic staff, or industry experts. Many of these courses are similar to those in the undergraduate program and are transferrable to other institutions and to the undergraduate degree program here at the University of Wisconsin-Madison. The Farm & Industry Short Course Program has been providing high quality educational programs since 1885 and was the first educational program through the College of Agricultural and Life Sciences. Please visit [www.fisc.cals.wisc.edu](http://www.fisc.cals.wisc.edu) for more information about our program, including curriculum and admission requirements, career opportunities and student programming.

If you have questions regarding the potential of a loan to these students, please contact Vera Abing, the private loan specialist in the Office of Financial Aid at UW-Madison: 608/262-4987 or [vera.abing@wisc.edu](mailto:vera.abing@wisc.edu). If you have any questions about the Farm & Industry Short Course Program, please contact me at [jessie.potterton@wisc.edu](mailto:jessie.potterton@wisc.edu) or 608/263-3918.

Thank you for your support of the program! I look forward to working with you!

Jessie Potterton  
Director, Farm and Industry Short Course
